WEBSITE PROTOTYPE · V0.4 · OCTOBER 2026 · FOR WORDPRESS

Virtual BD for accounting outsourcing, data sourcing, agentic AI and SaaS firms.

Checked introductions for the businesses that hire them.

Pink labels describe each section and how to build it in WordPress. Names, numbers, photos and prices are samples.

HOME 1 · Hero for firms that want us as their BD team (centered copy, product screen below (Linear / Attio style). Small link for buyers goes to Find a partner.

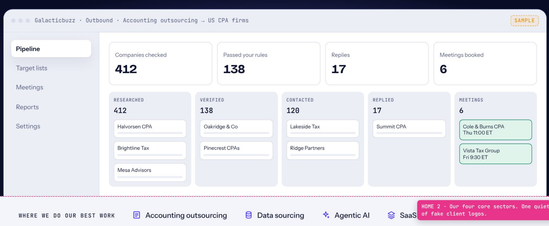

FOR BUYERS Looking for an outsourcing or tech partner? Start here →

Meetings with buyers who need you now.

We watch for the signs that a company needs what you sell: a funding round, a job post that won't fill, a new leader. We check each one by hand, reach the decision-maker and book the meeting. You take the call.

WHERE WE DO OUR BEST WORK — Accounting outsourcing · Data sourcing · Agentic AI · SaaS platforms

HOME 2 · Our four core sectors. One quiet line instead of fake client logos.

HOME 3 · How it works. Three steps, one line each.

• HOW IT WORKS

Three steps to a steady pipeline.

STEP 1
Tell us who you sell to
A 30-minute call on your services, your best clients and the rules a target must pass.

STEP 2
We research and check
We track buying signals, check each company and contact by hand, and log why we rejected the rest.

STEP 3
We reach out and book
Outreach on LinkedIn, email and phone in your voice. Meetings go straight onto your calendar.

HOME 3b · Sector playbooks. Tabs per sector: who we target, signals we watch, rules, an example opening line. This is what makes us specific, not generic.

• PLAYBOOKS

A different hunt for every sector.

Each sector buys for different reasons. These are the signals we start with. We tune them with you in the first call.

Accounting outsourcing | Data sourcing | Agentic AI | SaaS platforms

• WHO WE TARGET

Managing partners at US CPA firms with 10–200 staff, and owners of UK accountancy practices.

• RULES A COMPANY MUST PASS

- No offshore team already
- Partner-level contact found
- 10+ staff

• SIGNALS WE MATCH

HIRING	Staff accountant role open for 60+ days
SEASON	More extensions filed than last year
LEADERSHIP	A partner retiring or a merger announced
TOOLS	Moved to QuickBooks Online or Xero

• HOW A FIRST MESSAGE MIGHT OPEN · EXAMPLE

"Your staff accountant role has been open since August. We handle reconciliations for three Texas firms your size. Worth 15 minutes?"

Other B2B services? We write a new playbook with you in the first call.

HOME 4 · What you get. Bento grid (Vercel / Linear style). Big tile + the research list, our main difference.

• WHAT YOU GET

Everything an in-house BD team does.

Every company has a reason to talk
Each row shows the signal we found, or why we dropped it. Sample rows from four different clients.

COMPANY	FOR	CONTACT	RESULT	SIGNAL OR REASON
Northwind Freight 640 staff	Agentic AI	COO	PASS	Hiring 14 claims processors this quarter
Halvorsen CPA 34 staff	Accounting	Managing Partner	PASS	Staff accountant role open 9 weeks
Vectra Labs 85 staff	Data sourcing	Head of Data	CHECK	Series A in Sep; confirm they buy data
Ridge Partners 210 staff	Accounting	COO	REJECTED	Already runs an offshore team

Meetings on your calendar
Qualified calls with a short note on each buyer.

Mon	Tue	Wed	Thu	Fri
9:00	10:00	11:00	9:30	9:30
13:00	14:00	13:30	15:00	14:30

Outreach in your voice
Written with you, sent in the buyer's time zone.

LinkedIn · Email · Phone

Five regions
Researchers who know each market.

USA & Canada · UK & Ireland · EU · Australia & NZ · Middle East

LAUNCH REGIONS TO CONFIRM

A report every Friday
Targets, replies and meetings, plus what we change next.

6 meetings this month · sample

You own the data
Every list, contact and note is yours, during and after the plan.

No long contract
Start with a one-off research sprint. Move to monthly when it works.

HOME 5 · One testimonial. Placeholder until a real client agrees to be quoted.

"We had six meetings with US CPA firms in the first month, and every one was a firm we actually wanted to work with."

FIND 2 · How it works for buyers. Three steps.

• HOW IT WORKS

From brief to intro call.

STEP 1
Send a short brief
What you need, the tools you use and your budget. No phone number needed.

STEP 2
Get up to three firms
A person on our team picks firms that fit, usually within two working days. CONFIRM

STEP 3
Meet the ones you like
We set up the intro calls. You agree terms directly with the firm.

FIND 3 · Four specialties + how we check firms, in one bento section.

• WHAT WE COVER

Four specialties. Other requests welcome.

These are the areas where we know the firms best. Need something else? Describe it in your brief.

Accounting outsourcing
Bookkeeping · Tax preparation · CPA back-office · Payroll · Month-end close

QuickBooks · Xero · NetSuite · UltraTax

Data sourcing
AI training data · Labelling & annotation · Web data collection · B2B data enrichment

Quality sampling · licensing checked · GDPR

Agentic AI
Back-office AI agents · Document processing · Support automation · Workflow integration

Human review built in · runs on your systems

SaaS & software
Product builds · Team extension · QA & testing · Cloud & DevOps

NDA · IP assignment · SOC 2 on request

How we check every firm
Before a firm reaches your shortlist, we check four things. You see the results with each introduction.

- **Company and history** — Registration, years trading, team size
- **Client references** — We call two of their current clients
- **Data security** — NDA, access controls, certificates
- **Communication** — A call with the person who'd run your work

$0 for buyers

Firms pay to be in our network. You never pay us for an introduction.

FIND 5 · Buyer FAQ.

ABOUT 1 · Short story in the dark band. WordPress: one Bricks/Kadence section, text only.

• ABOUT GALACTICBUZZ

Good firms deserve good clients.

We started Galacticbuzz because skilled firms in accounting, data, AI and software kept losing to bigger names with bigger sales teams. We do the research and outreach those teams do, for firms that would rather spend their time on the work.

FOUNDER STORY

ABOUT 2 · How we work. Three principles.

• HOW WE WORK

Research first. People check everything.

01
Rules before volume
Every search starts with written rules. A company that breaks one is out, however good it looks.

02
Every rejection explained
We log what we dropped and why, so you can trust what made the list.

03
Sources on every row
Each result links to where we found it: job posts, funding news, directories, LinkedIn.

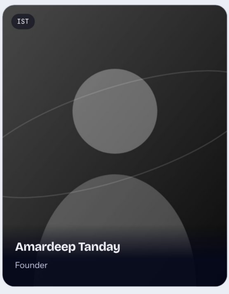

ABOUT 3 · Team. Hover: card tilts toward the cursor, a light follows it, photo turns from black-and-white to colour, bio slides up, a round 'View profile' label follows the cursor. Click opens a profile panel. WordPress: Query Loop or Bricks loop on a 'Team' custom post type (photo, role, bio, LinkedIn, focus, languages) + ~40 lines of JS in BPCode. Effects switch off on touch screens and for reduced motion.

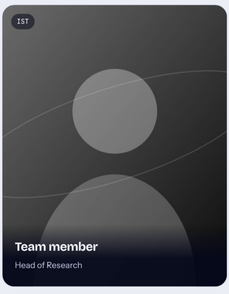

• TEAM

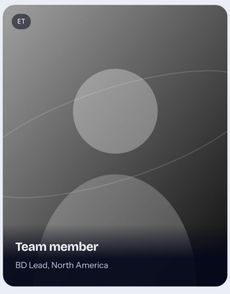

The people behind your pipeline.

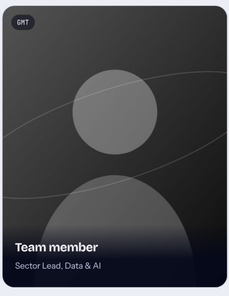

Researchers, BD leads and client success, across four time zones.

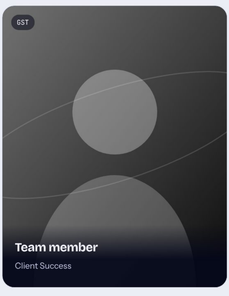

REAL PHOTOS, NAMES AND BIOS

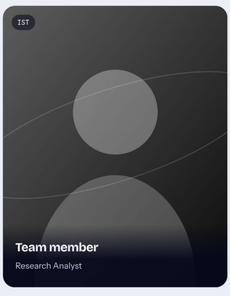

ABOUT 4 · Values. Three short statements.

• WHAT WE HOLD OURSELVES TO

Our values.

Say no early.
If a company or a firm doesn't fit, we say so, with the reason.

Show the work.
Signals, sources and rejection logs, not just a list of names.

Both sides win, or nobody does.
A bad meeting wastes the buyer's time and our client's. We only book the ones we'd stand behind.

ABOUT 5 · Offices with live local time. WordPress: static cards; the clock is 6 lines of JS.
