Yours to keep

Every relationship stays on your profile.

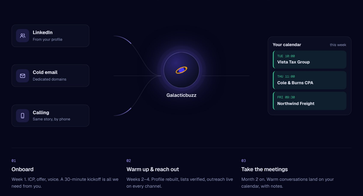

Agencies use their own accounts. When they leave, so do your conversations. Ours stay with you.

HERO 4 · How it works. Numbered light beams. Connector lines and phone from the Microinteract. View set to the client's calendar. Three steps below. Wordmark: expert. Nav: Services · Who we serve · How it works · About · Contact. Book a call. Three CTAs: this is the primary one.

HOW IT WORKS

We run the go-to-market. You show up for the meetings.

01

Onboard

Week 1. CP offer, voice. A 30-minute kickoff is all we need from you.

02

Warm up & reach out

Weeks 2–4. Profile rebuilt, lists verified, outreach live on every channel.

03

Take the meetings

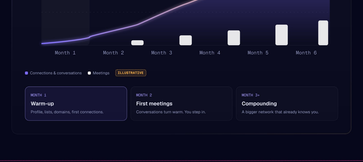

Month 2 on. Warm conversations land on your calendar, with notes.

HERO 5 · The compounding story. Glowing chart illustration. Slide a phase to highlight it.

WHY IT COMPOUNDS

Not a campaign. Infrastructure.

Every connection and conversation stays on your profile, so each month starts from everything the last one built.

MONTH 1

Warm-up

Profile, lists, domains, first connections.

MONTH 2

First meetings

Conversations turn warm. You step in.

MONTH 3+

Compounding

A bigger network that already knows you.

HERO 6 · In-house hire vs agency vs us. Green table, our column glows.

WHY GALACTICBUZZ

ABOUT 1 · Short story in the dark band. WordPress: one Bricks/Kadence section, text only.

ABOUT GALACTICBUZZ

We're the BD team you didn't have to hire.

Galacticbuzz is a virtual BD partner for B2B service businesses. We embed into your growth function and run outbound on your behalf, from your own identity. You get pipeline. The relationships stay yours. FOUNDER STORY

ABOUT 2 · How we work. Three principles.

HOW WE WORK

Three things we don't compromise on.

01
Your name, your relationships
We work from your profile and your domains. Nothing we build disappears when a contract ends.

02
Humans, not bots
Every connection request, email and reply is written by a person who has read the prospect's profile.

03
Consistency beats bursts
Outbound pays off when it never stops. We keep it running while you're busy with clients.

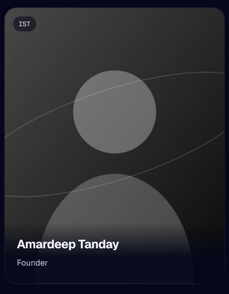

ABOUT 3 · Team. Hover: card tilts toward the cursor, a light follows it, photo turns from black-and-white to colour, bio slides up, a round 'View profile' label follows the cursor. Click opens a profile panel. WordPress: Query Loop or Bricks loop on a 'Team' custom post type (photo, role, bio, LinkedIn, focus, languages) + ~40 lines of JS in WPCode. Effects switch off on touch screens and for reduced motion.

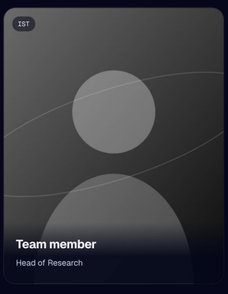

TEAM

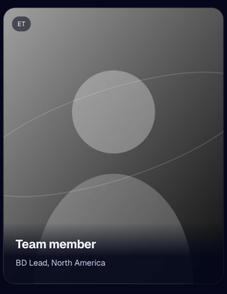

The people behind your pipeline.

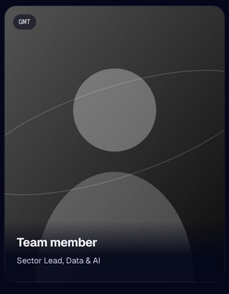

Researchers, writers, callers and client success, across four time zones.

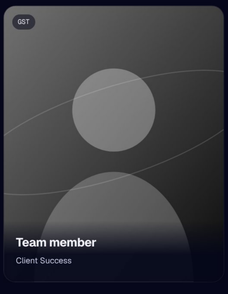

REAL PHOTOS, NAMES AND BIOS

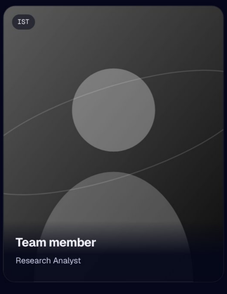

ABOUT 4 · Values. Three short statements.

WHAT WE HOLD OURSELVES TO

Our values.

Say no early.
If a prospect isn't a fit, we don't message them, however tempting the volume.

Show the work.
Weekly numbers, real conversations, and what we're changing next.

Your reputation first.
It's your name on every message. We write like it.
