HOME 1 · Hero. The "View your own profile" ghost is the hinge: Right at colour that plays a real-looking conversation, written by us and sent as the client, saying in a booked meeting. Wordmass: static HTML + CSS (one of so far a combo).

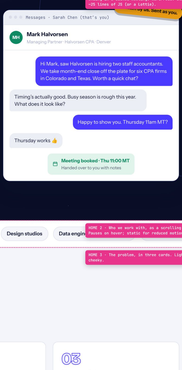

Virtual BD for B2B service firms

A full BD team, running from your own profile.

We run your LinkedIn outreach, cold email and calling under your name. You get booked meetings. Every connection and conversation stays on your profile, even if we part ways.

Book a call → How it works

✓ No bots ✓ No shared agency accounts ✓ You step in when it's warm

Offshore accounting firms · IT services & software · SaaS founders · Fractional CFOs · Design studios · Data engineering consultants

HOME 2 · Who we work with, as a scrolling ribbon. Pauses on hover; static for reduced motion.

HOME 3 · The problem, in three cards. Light, a bit chunky.

• THE PROBLEM

You know outbound works. Running it is the hard part.

01 — No time
You're busy delivering for clients. Prospecting gets done on Sunday nights, if at all.

02 — No team
A good BD hire takes months to find, months to ramp, and walks out with the relationships.

03 — No consistency
Outreach stops the moment you get busy. That's exactly when next quarter's pipeline dries up.

HOME 4 · Value prop. Hire a BD vs an agency vs us. The Galacticbuzz column is highlighted. Scrolls sideways on phone.

• HIRE, OUTSOURCE, OR US?

The output of an in-house BD team. Without the hiring.

	Hire a BD rep	Typical agency	Galacticbuzz
			Your virtual BD team
Time to get going	Months to hire, then months to ramp	A few weeks	Live in about two weeks · CONFIRM
Whose accounts it runs on	Yours	Theirs	Yours
Relationships when it ends	Leave with the hire	Stay with the agency	Stay on your profile, for good

LinkedIn outreach
Manual, human-run outreach from your own profile: research, connection requests, follow-ups and inbox management. No automation, no bots.

DAY 0 · Connection request · Personal note, written for them
DAY 3 · Thanks + one useful thing · No pitch yet
DAY 8 · The ask · A specific reason to talk
WARM · You step in · We hand over with notes

Cold email
Dedicated sending domains protect your main one. Verified lists, campaign writing and delivery monitoring.

5–10K contacts reached / month

Cold calling
Phone alongside LinkedIn and email, for buyers who still pick up. Calls follow the same story as your messages.

Calling · Ops Director, Tampa · 00:42

Branding & content
Positioning, profile makeover and posts. When someone checks your profile after a message, it has to convert.

BEFORE · "Director at Ledgerline"
AFTER · "Month-end close for US CPA firms, done by day 5"

HOME 6 · The compounding story. Chart is illustrative, not real data. Month 1 = warming up, Month 2 = first meetings, Month 3+ = it compounds. Click a phase to highlight it.

• HOW IT WORKS

Not a campaign. Infrastructure.

Every connection we make and every conversation we start stays on your profile. So month three starts from everything months one and two built.

Connections & conversations on your profile · Meetings booked · ILLUSTRATIVE

MONTH 1 — Warming up
Positioning, profile, lists and domains. First connections go out.

MONTH 2 — First meetings
Conversations turn warm. You step in and take the calls.

MONTH 3+ — It compounds
New outreach lands on a bigger network, with a profile people now recognise.

HOME 7 · Full GTM loop. We don't just send messages; we run the go-to-market loop and feed learnings back.

• FULL GO-TO-MARKET

We run the whole loop, not just the sending.

Most outbound fails before the first message: wrong buyers, a vague offer, a profile that doesn't convert. We start there.

1. **ICP & offer** — Who buys, why now, what to lead with
2. **Positioning & profile** — Make your profile worth clicking
3. **Lists & research** — Verified people, real reasons to reach out
4. **Outreach** — LinkedIn, email and calls, in your voice
5. **Meetings & handover** — Warm conversations passed to you with notes
6. **Learn & refine** — What got replies shapes next month

HOME 8 · Who we serve: named verticals, not "B2B". Links to the full page.

• WHO WE SERVE

• ABOUT GALACTICBUZZ

We're the BD team you didn't have to hire.

Galacticbuzz is a virtual BD partner for B2B service businesses. We embed into your growth function and run outbound on your behalf, from your own identity. You get pipeline. The relationships stay yours. FOUNDER STORY

ABOUT 2 · How we work. Three principles.

• HOW WE WORK

Three things we don't compromise on.

01
Your name, your relationships
We work from your profile and your domains. Nothing we build disappears when a contract ends.

02
Humans, not bots
Every connection request, email and reply is written by a person who has read the prospect's profile.

03
Consistency beats bursts
Outbound pays off when it never stops. We keep it running while you're busy with clients.

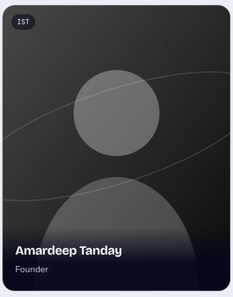

ABOUT 3 · Team. Hover: card tilts toward the cursor, a light follows it, photo turns from black-and-white to colour, bio slides up, a round 'View profile' label follows the cursor. Click opens a profile panel. WordPress: Query Loop or Bricks loop on a 'Team' custom post type (photo, role, bio, LinkedIn, focus, languages) + ~40 lines of JS in WPCode. Effects switch off on touch screens and for reduced motion.

ABOUT 4 · Values. Three short statements.

• WHAT WE HOLD OURSELVES TO

Our values.

Say no early.
If a prospect isn't a fit, we don't message them, however tempting the volume.

Show the work.
Weekly numbers, real conversations, and what we're changing next.

Your reputation first.
It's your name on every message. We write like it.
